

Maths

Multiplication and Division including:

- Counting in 10's, 5's and 2's.
- Making and adding equal groups.
- Making arrays.
- Sharing.
- Doubling.

Fractions including:

- Halving shapes and quantities.
- Finding quarters of a shapes and quantities.

Arithmetic

In these lessons we will be focusing on developing our confidence, speed and accuracy of our key fact recall. We will be focusing on our addition, subtraction, number bonds and facts, counting 2s, 5s and 10s.

Team Building

We will be focusing on sharing and working together using turn taking, clear communication, cooperation and negotiation.

PSHE

Our PSHE focus for this half term will be 'relationships'. We will be looking at:

- Identifying members of our family and understanding that all families are different.
- Making friends and the qualities of a good friend
- The different ways we can greet people.
- The different people in our lives who help us.

Growth Mind Set

We will learn the difference between fixed and growth mindsets, and strategies we can use to develop a growth mindset.

Year 1 Summer 1 Overview

PE (Mondays)

Our PE lessons this half term will focus around Netball—we will be developing ball skills and invasion tactics through gameplay.

Forest School (Fridays)

In forest school we will:

- Learn the forest school rules and how to keep safe.
- Learn how to identify and name local wildlife, plants and trees
- Develop our team building skills.

Power of Reading and Literacy

The children will base their literacy every half term on a new book. This term we will be using 'Claude in the City' by Alex T. Smith as our 'Power of Reading Book.'

Through this text, the children will be exploring a wide range of writing styles and genres, including: narrative, information text, persuasive writing, report writing and non-chronological writing.

Spellings

We will be practising Year 1 common exception rules and words containing SoundsWrite extended code sounds.
