

Head Teacher: Mrs Sarah Kluzek

Monday 4th January 2020

Dear Families,

Although we find ourselves in an unexpected situation, we are pleased to be able to keep on teaching your children through Teams.

From Tuesday 5th November, Year 4 will pre-record English and Maths sessions for your children to access at home via Microsoft Teams. These will be uploaded daily for you to access at the most convenient time for your family.

In each maths session, we will teach a concept following on with our planned learning for this term. The children will then have a set of challenges to complete based on each session. English will follow our new book, *The Boy at the Back of the Classroom* and will consist of lessons aimed at developing their comprehension skills as well as the practise of applying technical skills in their writing.

Activities will be created each day, via the Assignments tab, that include all resources your children will need to access the lesson. Instructions will also be given and when challenges are completed, they must be 'Submitted' to allow class teachers to read through the work. Work can be completed online via word or something similar and submitted to Teams. If you would prefer, challenges can also be completed on paper and a photo taken which can in turn be submitted.

We plan to give feedback sessions based on challenges/writing exercises set in small groups via Microsoft Teams on Thursday and Friday. More information will be provided with regards to groups by the end of day Wednesday.

In addition to daily English and maths tasks, we will also be setting a variety of Purple Mash activities for the week. These will be set on a weekly basis and we encourage your children to work through them at their own pace. It is our recommendation that a focus is predominantly set for multiplication tables and spellings.

We are always available to clarify and offer further support if needed. Please contact the school office at office@langley-primary.org.uk.

Keep safe,
Mr Ford and Miss Champion
